YouTube Integration Best Practices

- Optimal length: 45-60 seconds (enough to sell, short enough to not lose viewers)
- Script structure: Transition -- Hook -- Benefit -- Proof -- CTA
- Always include: verbal disclosure, description disclosure, YouTube paid promotion toggle
- Negotiate for: 30-day analytics report share (proof for re-booking)

Instagram Sponsorship Tips

- Reels: Highest reach, best for acquisition campaigns, premium rates
- Stories: Best CTR with link sticker, use for time-sensitive offers

- Disclosure: Use Partnership label + #ad in first line of caption
- Story sequence: 5-6 frames covering hook, problem, discovery, result, offer, CTA
- Negotiate for: 30-day paid ads rights (allows brand to boost your post)

TikTok Brand Deal Tips

- First 2 seconds are everything -- native hook that fits the platform
- Enable Branded Content toggle before publishing -- required by TikTok
- Creator Marketplace: official brand-matching platform by TikTok
- Your rate should reflect VIEW potential, not just follower count
- Bundle TikTok + Instagram for higher total deal value
