

AI Automation Agency Starter Kit - Complete Guide

Your complete guide to building a profitable AI automation agency

Welcome to Your Kit

- * 11 folders with 40+ files covering every aspect of running an AI automation agency
- * 30 automation blueprints you can sell immediately
- * Start with 00_START_HERE for your 90-day launch plan

The Business Model

- * Implementation fee: \$3,000-\$15,000 per automation project
- * Maintenance retainer: \$500-\$2,000/month per client
- * 5 retainer clients at \$1,000/month = \$5,000 MRR before any new projects
- * Target: 2 implementations + 5 retainers by Month 6 = \$16,000-\$25,000/month

Your Fastest Path to First Revenue

- * Pick one automation type and master it (start with lead gen or appointment reminders)
- * Build a demo automation using your own business or a hypothetical
- * Record a Loom video showing the automation in action
- * Email that video to 20 businesses in your target niche with a free audit offer
- * Close your first client within 30 days at \$3,000-\$5,000
