

Quick Start Guide

For experienced developers. Get OQUL running in **under 15 minutes**. Assumes Node.js 20+, PostgreSQL, Redis, and a Groq API key are already available.

This is the fast-track guide

If you encounter any issues, switch to the full [Installation_Guide.pdf](#) which covers every step in detail including troubleshooting.

5-Command Setup

```
# 1. Install dependencies
npm install

# 2. Configure environment (fill in your values)
cp .env.example .env.local

# 3. Start services + run migrations
docker compose -f docker-compose.runtime.yml up -d
npx drizzle-kit migrate

# 4. Seed curriculum data
node scripts/seed-full-curriculum.mjs

# 5. Launch
npm run dev
```

Minimum .env.local

```
# Database
DATABASE_URL=postgresql://postgres:password@localhost:5432/oqul

# Cache
REDIS_URL=redis://localhost:6379

# AI Tutor (get key at console.groq.com)
GROQ_API_KEY=gsk_your_groq_api_key_here

# Auth (generate with: openssl rand -hex 32)
JWT_SECRET=your_64_char_random_secret_here

# App URL
NEXTAUTH_URL=http://localhost:3000
```

Verification Checklist

- ✓ App loads at `http://localhost:3000`
- ✓ Landing page renders correctly
- ✓ Can register a new user account
- ✓ Email verification sent (if SMTP configured)
- ✓ Dashboard loads after login
- ✓ Leila AI responds in chat
- ✓ Curriculum content shows for Grade 1
- ✓ Gamification XP points update on lesson completion
- ✓ Parent portal accessible
- ✓ Grafana dashboard shows metrics at `http://localhost:3001`

Useful Scripts

Command	Purpose
<code>npm run dev</code>	Start development server (hot reload)
<code>npm run build</code>	Production build
<code>npm run start</code>	Start production server
<code>npm run test</code>	Run test suite
<code>npx drizzle-kit studio</code>	Open database GUI
<code>node scripts/audit-curriculum-coverage.mjs</code>	Audit curriculum completeness
<code>node scripts/check-user-email-exists.mjs</code>	Check if user exists

You're live!

Once the checklist above is green, you have a fully operational AI educational platform. Explore [02_DOCUMENTATION/Business_Overview.pdf](#) to understand the business model and how to monetize your deployment.
