

Installation & Setup Guide

Complete configuration walkthrough for all 26 files

DOCUMENT TYPE	Setup Walkthrough
ESTIMATED TIME	90 minutes
VERSION	2.0 — June 2025

Installation & Setup Guide

Step-by-step configuration walkthrough — estimated completion time: 90 minutes.

ONE-TIME SETUP

Complete these steps once, in order, immediately after purchase. After initial setup, the system runs itself. Estimated time: 90 minutes.

01 / 05 SOFTWARE PREREQUISITES

Software	Minimum Version	Used For	Cost
Microsoft Excel or Google Sheets	Excel 2019 / Google Sheets (free)	Practice Dashboard — all 10 sheets	Free – Office 365
Microsoft Word or Google Docs	Word 2019 / Google Docs (free)	All 8 DOCX template files	Free – Office 365
Notion	Free plan sufficient	Client portal and internal workspace	Free tier supported
PDF reader	Adobe Acrobat / Chrome / Preview	All PDF guides and reference documents	Free
Poppins + Inter fonts	Any version (Google Fonts, free)	Full typographic fidelity in DOCX files	Free

Required software — all free or included in existing subscriptions

02 / 05 PHASE 1 — PRACTICE DASHBOARD (EXCEL)

Open 02-Practice-Dashboard / Bookkeeper-Practice-Dashboard-v2.xlsx

#	Action	Sheet Tab	Notes
1	Enter your practice name, tagline, and contact details	Setup	Yellow cells only — never edit white cells
2	Set your three service tier names, transaction limits, and monthly fees	Setup + Pricing Calculator	Feeds all formulas across the workbook
3	Enter your standard monthly close day (e.g., 15th of following month)	Setup	Used in Monthly Close and capacity calculations
4	Add your first 1–3 active clients with fees and contact data	Client CRM	Required for Dashboard KPI cards to populate
5	Add any current prospects to the pipeline	Lead Pipeline	Populates pipeline value KPI automatically

6	Open the Dashboard sheet and verify all KPI cards show data	Dashboard	If zeros appear, check Client CRM status = "Active"
7	Read the full Instructions tab before using advanced features	Instructions	Documents all formulas and conditional formatting rules

Practice Dashboard setup sequence — complete in order

03 / 05 PHASE 2 — CLIENT DOCUMENT CUSTOMISATION

Each document contains bracketed placeholders in the format [PLACEHOLDER NAME]. Use Find & Replace (Ctrl+H on Windows, Cmd+H on Mac) to replace every instance before sending any document to a client.

File	Critical Placeholders	Audience	Priority
Bookkeeping-Service-Guide-v2.docx	[PRACTICE NAME], pricing tier amounts, service scope	Prospects + Clients	High
Bookkeeping-Proposal-Template-v2.docx	[PRACTICE NAME], [CLIENT], fee structure, assumptions	Prospects — per proposal	High
Bookkeeping-Engagement-Agreement-v2.docx	[PRACTICE LEGAL NAME], fee terms, jurisdiction, law	New clients — requires legal review	Critical
Client-Intake-and-Onboarding-Pack-v2.docx	[PRACTICE NAME], portal link, close deadline	New clients — per engagement	High
Canva-Bookkeeping-Proposal-Deck-v2.pptx	All blue placeholder text — import to Canva for live editing	Prospects — visual presentation	Medium

LEGAL REVIEW REQUIRED — ENGAGEMENT AGREEMENT

The Engagement Agreement is a legal document. Engage a qualified lawyer in your jurisdiction to review it before sending to any client. Do not skip this step.

04 / 05 PHASE 3 — NOTION WORKSPACE

Step	Action	Result
1	Create a Notion page titled "Bookkeeping Practice" as your workspace root	Top-level workspace container
2–8	Import each of the 7 CSV files as a separate full-page Notion database	7 linked databases created
9	In each database, add a Relation property pointing to the Clients database	Databases become connected
10	Add filtered views: Active Clients, This Month Close, Outstanding Docs, Unpaid Invoices	Operational dashboards
11	Add a Board view to Lead Pipeline (group by Stage)	Visual pipeline Kanban board
12	Share the Client Portal database with client email addresses	Clients can view their items

Follow Notion-Setup-Guide.pdf in 05-Notion-Workspace for full step-by-step instructions

05 / 05 PHASE 4 — QUALITY VERIFICATION CHECKLIST

Verification Check	How to Confirm	Status
--------------------	----------------	--------

Dashboard KPI cards show data	Open Dashboard sheet — Active Clients and MRR must be non-zero	☐
All [BRACKETS] replaced in client documents	Search "PRACTICE NAME" in Word — must return zero results	☐
Notion databases are connected by Relations	Click a Task record — Client field must link to Clients database	☐
Pricing Calculator produces a result	Enter test transaction volume — fee must calculate from tier pricing	☐
All 9 PDF guide files open correctly	Open each — must display with header and footer on every page	☐
Engagement Agreement reviewed by lawyer	Confirmation received from qualified legal counsel	☐
Licence terms understood	Read License.pdf — single-practice scope confirmed	☐

Exhibit 2 · Complete this checklist before sending any document to a client
